

## **WEBINAR for the special issue: “The impact of history on regional development”**

### **Special Issue of the *Review of Regional Research***

**Date: April 9 2021 from 12.45 to 15.15**

Guest editors: Carlo Ciccarelli (University of Rome Tor Vergata) and Torben Dall Schmidt (Helmut Schmidt University and University of Southern Denmark)

The webinar will focus on commenting and inspiring the submitted papers, so that papers can after the webinar be revised into a version to be submitted for review to the special issue “The impact of history on regional development” of the *Review of Regional Research*. At the Webinar, the papers will each be allocated 30 minutes comprising both a presentation of main theory, methods and results of the papers in combination with comments and discussion. We encourage all to be active at the presentations giving comments and questions, which we expect to take place during the presentations. This will ensure the optimal input for papers to be revised at later stages.
